THE EUROPEAN UNION ISN'T WORKING.

Unemployment is exploding across Europe
and the EU is intensifying attacks on workers' and trade union rights

Public services including postal, transport, energy, education and health services are being privatised by EU diktat across Europe

The EU austerity agenda is being imposed on member states by unaccountable and anti-democratic EU institutions, cuts that UKIP supports

Defend democracy here and across Europe by voting...

No2EU – Yes to workers' rights

in the euro elections on May 22

On May 22 vote No2EU

Say yes to workers' rights

The working peoples of Europe are clearly not happy with the direction the EU is taking. The failure of the major parties to represent this feeling has led to a political vacuum.

We want to see a Europe of democratic states that value public services, guarantee the rights of workers and do not put the interests of big business above that of ordinary people. We believe that EU structures and rules make this impossible.

We say...

- **Yes to workers' rights**
- **Exit the EU on the basis of socialist policies**
- **Keep Britain out of the Eurozone**
- **No to austerity whether from Brussels or Britain**
- **Reject EU treaties and directives that curtail democracy, encourage social dumping and demand privatisation**
- **No to EU trade agreements like the Transatlantic Trade and Investment Partnership (TTIP) with the US which threaten our NHS**
- **Scrap EU rules preventing member states control over economic policies**
- **Develop sustainable manufacturing, agriculture and fishing industries in Britain**
- **Repeal anti-trade union EU court rulings which undermine collective agreements**
- **No to racism and fascism and yes to international solidarity of working peoples**
- **No to EU militarisation and an EU army**
- **Restore democratic powers to EU member states**

Your candidates...
